

FAMILY CONNECTION LETTER

Dear families,

WHAT WE ARE PRACTICING

Our class is using The Fixes Holiday Countdown, a simple December behavior practice routine. Each day students practice one small skill that helps the room stay calm, kind, and focused before winter break.

HOW IT WORKS

Each day has one phrase, one quick teacher model, one student practice, and one real-life place to use it. The routines are short on purpose. We are practicing behavior before the hard moment arrives.

HOW YOU CAN HELP

Ask: What Fix did you practice today? Where did you use it? You may also see small home connection ideas such as giving a compliment, finishing a chore, practicing a calm greeting, or using a quiet start.

THANK YOU

December can be exciting and tiring. This gives students shared words and simple habits they can carry from school to home.
