HOW TO DRAW CAMERA

THE DRAWING FIX™ · RETRO CAMERA
GRADES 6–8 · 15 STEPS
NAME: _____

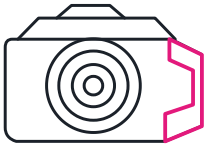

1 Camera body
Draw the main front body shape.

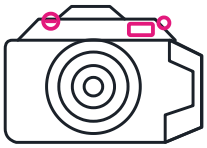

2 Top housing
Build the top plate and prism shape.

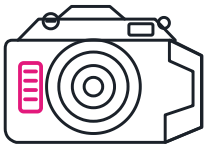

3 Lens
Add the four concentric lens rings.

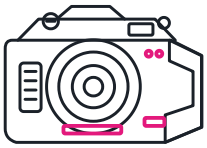

4 Side depth
Add the angled side face of the camera.

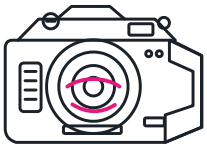

5 Top controls
Place the viewfinder, dial and shutter controls.

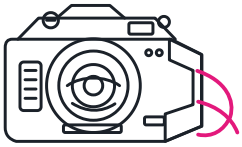

6 Grip texture
Build the side grip and texture lines.

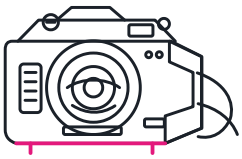

7 Small controls
Add the small buttons and label plates.

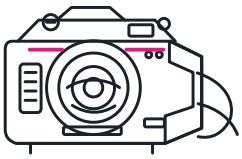

8 Lens reflections
Add two curved lens-reflection lines.

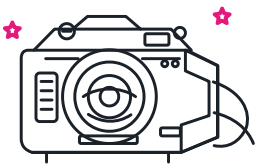

9 Strap
Draw the looping camera strap.

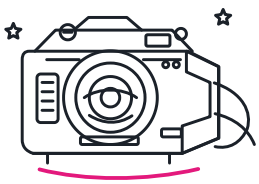

10 Base
Add the base line and two small feet.

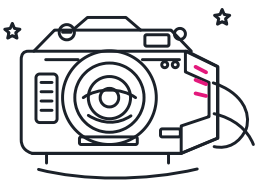

11 Body seams
Add the two short body seam lines.

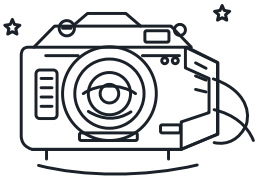

12 Spark marks
Add two small graphic shine marks.

13 Shadow
Add the soft shadow under the camera.

14 Side texture
Add the short lines on the side face.

15 Create
Make one part completely yours.
