HOW TO DRAW CLOCK TOWER

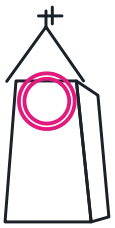

THE DRAWING FIX™ · MIDNIGHT CLOCKTOWER
GRADES 6–8 · 15 STEPS
NAME: _____

1 Tower
Build the front tower and its angled side face.

2 Roof and spire
Add the steep roof, spire and top cross-lines.

3 Clock rings
Place the two large clock-face circles.

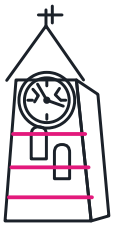

4 Clock hands
Add the hands, centre and four hour marks.

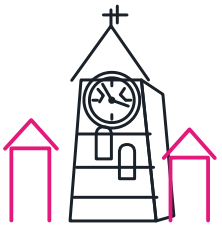

5 Clock cracks
Add two short broken-time cracks.

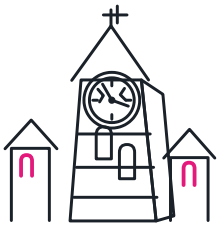

6 Tower windows
Build the two tall arched tower windows.

7 Stone bands
Add the three horizontal stone bands.

8 Side buildings
Build the two side structures and pointed roofs.

9 Side windows
Add the two arched side-building windows.

10 Moon
Place the large moon behind the architecture.

11 Roof texture
Add selective roof texture marks.

12 Mist
Layer the drifting mist lines across the foreground.

13 Flying silhouettes
Add two tiny flying silhouettes in the distance.

14 Ground texture
Add a few short ground texture marks.

15 Create
Make one part completely yours.
