HOW TO DRAW
CROOKED HOUSE

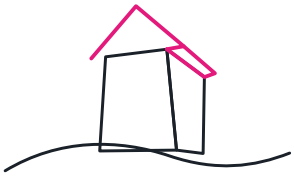

THE DRAWING FIX™ · CROOKED LANTERN HOUSE
GRADES 4–6 · 14 STEPS
NAME: _____

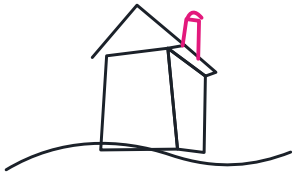

1 Hill
Draw the sloping hill across the foreground.

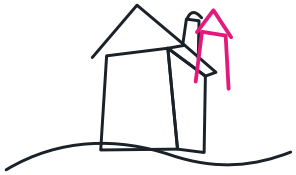

2 House walls
Build the crooked front and side walls.

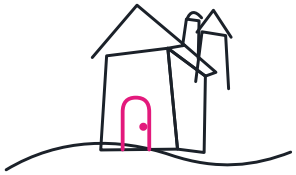

3 Roof planes
Add the steep front and side roof shapes.

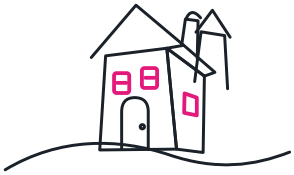

4 Chimney
Add the crooked chimney.

5 Tower
Build the narrow side tower and roof.

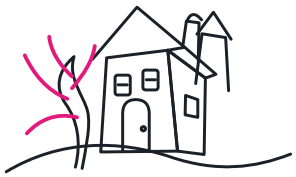

6 Door
Add the rounded front door and knob.

7 Lantern windows
Place the three lantern-style windows.

8 Tree trunk
Draw the twisting tree trunk beside the house.

9 Tree branches
Build the crooked branch lines.

10 Moon
Place the large moon behind the house.

11 Fence
Add a short crooked fence in the foreground.

12 Roof texture
Add a few short roof texture marks.

13 Clouds and bats
Add the cloud shapes and tiny flying silhouettes.

14 Create
Make one part completely yours.
