HOW TO DRAW LIGHTHOUSE

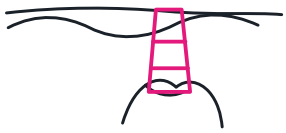

THE DRAWING FIX™ · LIGHTHOUSE BAY
GRADES 4–6 · 14 STEPS
NAME: _____

1 Horizon
Draw the horizon and the far shoreline.

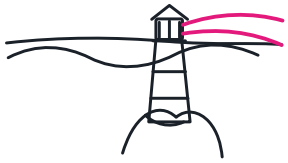

2 Cliff
Build the rocky cliff in the foreground.

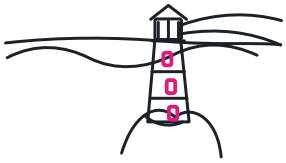

3 Tower
Draw the tapered lighthouse tower and two bands.

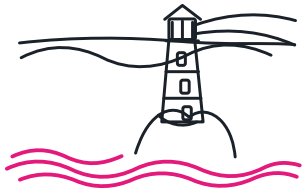

4 Lantern room
Add the lantern room, roof and rail lines.

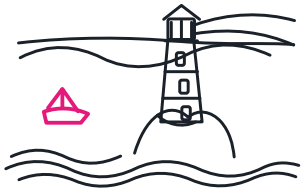

5 Light beam
Send the lighthouse beam across the sky.

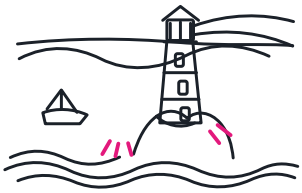

6 Tower windows
Add three small windows down the tower.

7 Front waves
Layer the large foreground wave lines.

8 Sailboat
Add the small sailboat off to one side.

9 Rock texture
Add a few short rock and grass marks.

10 Clouds
Place two cloud shapes in the sky.

11 Birds
Add two tiny distant birds.

12 Buoy
Add the small buoy near the water.

13 Wave foam
Add a few short foam marks between the waves.

14 Create
Make one part completely yours.
