HOW TO DRAW
CABIN IN THE MOUNTAINS

THE DRAWING FIX™ · MOUNTAIN CABIN
GRADES 4–6 · 14 STEPS
NAME: _____

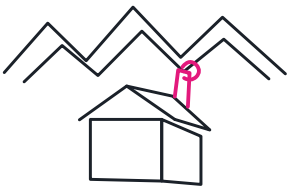

1 Mountains
Draw the two mountain ridge lines in the background.

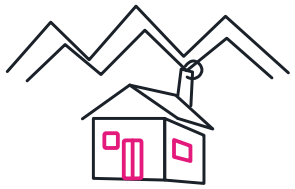

2 Cabin walls
Build the front wall and the angled side wall.

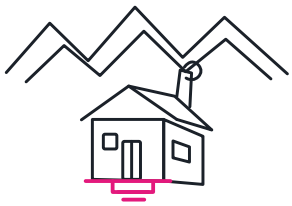

3 Roof planes
Add the front roof and the side roof plane.

4 Chimney
Add the chimney and one smoke curl.

5 Door and windows
Place the door and the front and side windows.

6 Porch
Build the porch and front steps.

7 Left pine
Add the tall pine tree on the left.

8 Right pine
Add the second pine tree on the right.

9 Path
Draw the path widening toward the foreground.

10 Cabin siding
Add the log and siding lines on both walls.

11 Snow caps
Add short snow-cap lines on the mountains.

12 Fence
Add one small fence detail near the path.

13 Ground texture
Add a few short foreground texture marks.

14 Create
Make one part completely yours.
