HOW TO DRAW
NORTHERN LIGHTS

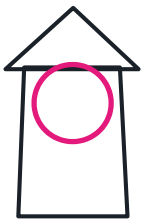

THE DRAWING FIX™ · AURORA CLOCKTOWER
GRADES 6–8 · 10 STEPS
NAME: _____

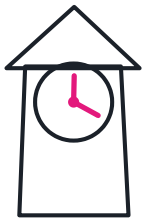

1 Clocktower base
Build a tall, slightly tapered tower.

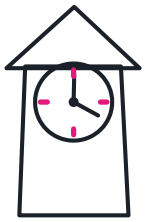

2 Upper roof
Place a strong roof over the tower.

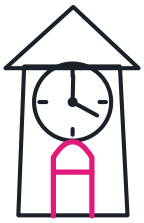

3 Clock circle
Center a large clock face.

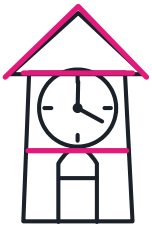

4 Clock hands
Make the two hands point in different directions.

5 Clock markings
Add the four main clock marks.

6 Lantern doorway
Build a tall arched doorway.

7 Roof details
Give the roof a snowy ridge and trim.

8 Outer windows
Add tall glowing windows on both sides.

9 Aurora ribbons
Sweep two curving ribbons across the sky.

10 Winter finishing

Add snowy ground, stars and drifting flakes.
